Only one month until TRIMM final conference

Welcome to the fourth newsletter for the 36-month FP7 project - "Tomorrow's Road Infrastructure Monitoring and Management" (TRIMM). TRIMM is now in its final three months as it finishes on 30th November 2014 and this newsletter focuses on the [final conference](#) and the series of [four national workshops](#) taking place in the run up and after the final conference.

Joint TRIMM/ERPUG event: Needs and possibilities in road infrastructure management

[Register now](#) for the Tomorrow's Road and Infrastructure Monitoring and Management (TRIMM) final conference, held in cooperation with the second meeting of the [European Profile Users Group \(ERPUG\)](#) on **23rd-24th October 2014** at the [Diamant Center](#) in Brussels, Belgium.

The meeting will cover the following topics:

- Reducing costs and environmental impact, increasing efficiency and safety
- Enhancing the role of condition data in asset management
- Multipurpose monitoring for application across all levels of road and bridge asset management
- High speed monitoring of road pavements, new and emerging technologies for monitoring
- Continuous monitoring of bridges

This one and a half day event will be a mix of speeches from exhibitors, invited experts and TRIMM project partners. Among the

WORK PACKAGES

[WP1: Project Management](#)

[WP2: Asset Management](#)

[WP3: Advanced Bridge Monitoring Techniques](#)

[WP4: Advanced Road Monitoring Techniques](#)

[WP5: Dissemination and networking](#)

FP7 Collaborative Project

TRIMM is a Collaborative Project from the European Commission's FP7 Work Programme SST.2011.5.2-2 entitled "Advanced and cost effective road infrastructure construction, management and maintenance".

keynote speakers will be Steve Philips from CEDR and Mats Wendel from the Swedish Road Administration, presenting the Road Administration's needs. Possibilities will be covered by the TRIMM results, ERPUG and exhibitor presentations. Click [here](#) to take a look at the draft agenda.

An exhibition and dinner has also been arranged (involving a fee of 150 Euros). Among the exhibitors/sponsors showing the latest in monitoring are:

- Pavemetrics (<http://www.pavemetrics.com>)
- Pathway Services (<http://www.pathwayservices.com>)
- LMI Technologies (<http://www.lmi3d.com>)
- Dynatest (<http://www.dynatest.com>)
- Ramboll (<http://www.ramboll.com>)
- Roadscanners (<http://www.roadscanners.com>)
- Vectra Lehman & Partners (<http://vectragermany.com>)
- Fugro (<http://www.fugro.com>)

Four TRIMM national workshops in Poland, Turkey, Romania and Czech Republic

FEHRL is organising [four TRIMM national workshops](#) to complement the TRIMM final conference and bring the project to key national stakeholders. The first one took place at FEHRL member IBDiM in Warsaw, Poland on 24th September 2014 for 30 participants. Click [here](#) to see the materials from the event, which included presentations from each of the technical Work Packages on the work carried out during the project.

You can also still register to the other three events still to come:

- [National Workshop 2 = 17th October - KGM - Ankara, Turkey](#)
- [National Workshop 3 = 30th October - CESTRIN - Bucharest, Romania](#)
- [National Workshop 4 = 20th November - CDV - Brno, Czech Republic](#)

Contact FEHRL Training Officer [Isabelle Lucchini](#) for more information about this series of national events.

Please do not hesitate to join our [Linked In group](#), see <http://trimm.fehrl.org> or contact me at robert.karlsson@vti.se if you would like more information about the project.
